Has the instructor been effective?

- Yes, I have learned quite a lot that I have never thought about
- Yes, I think the instructor has been very effective.
- Yes
- Yes. He had always prepared interesting second sources and provided new information in class.

How can the instructor improve this course?

- There could have been more time for the class reading to promote more discussion.
- I personally think the class was perfect, and can not think of negative point to improve. But because this is a 5-6-7 period class, I think it will be good to organize a museum outing once in the trimester, to really

see some of the objects. (For example the Jōmon Pottery)

- Regarding the use of Live Class Surveys (Mentimeter), if I recall correctly I don't think we used that for this class. Regardless, the class discussions were always very stimulating and engaging, challenging us to think from various perspectives critically.
- It would be very interesting if we got to see a replica or an actual historical objects in class.

How does this instructor compares with your other instructors?

- Very well organized and makes class fun.
- The class was very interesting, even if it was a four hour long class, the instructor has kept the student interested in the class.
- I feel he gives us a lot of opportunities to participate in the classes than other instructors do.
- He always asked for his students to give their opinion or to share their reaction to the class, which other instructors did not do much of.

Is there anything peculiar/special about this instructor (negative or positive)?

- The instructor is very funny!
- I really love the way our instructor interacts with the students, and how the class is made. I really feels like a discussion between everybody and I learned a lot from this. Thank you very much for this trimester !
- Thank you very much for the term! It has been one of my most enjoyable classes here in ICU!
