- I was expecting to know more about UN. And overall my expectation was achieved. However, the reading was very heavy and lost motivation half way through.
- Getting a perfect knowledge and information about the UN and how the body works.

- I expected to analyze the actions and systems of the UN(both past and current), which were fulfilled.
- I expected some friendly course, but it was more difficult than I expected, as a freshman.
- Basic understanding of U.N.  
I was able to get a holistic view of UN actions and structures.

<b>No.37</b>	What specific aspects of the course were stimulating to you, and why? このコースからあなたが触発されたことはどのようなことですか?
--------------	---

- The functioning of the united nation and the negative effects its bringing to the futures.
- The professor with real experience stimulated my learning with his real-life stories.
- The professor and TA was always enthusiastic and conducted the class in an interesting way. The videos shown were always interesting and easy to understand.
- The professor's encouragement of critical analysis in presentations and in-class questions was engaging. His willingness to adjust to the specific concerns of students and discuss with them during class was very beneficial.

A possible added period for the week.  
More significant guests speakers
- Maybe more organization on group discussions, as some people were just passive and wanted to fill out the menti to wrap up the discussions early.
- It may have been beneficial to remind presenting students to concentrate on critical analysis, as some students may have forgotten this partway through the semester.
